INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Members of
Key West Golf Club Homeowners' Association, Inc.
Key West, Florida

Opinion

We have audited the accompanying financial statements of Key West Golf Club Homeowners' Association, Inc., which comprise the balance sheet as of December 31, 2020, and the related statements of revenue, expenses and changes in fund balance, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Key West Golf Club Homeowners' Association, Inc. as of December 31, 2020, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Key West Golf Club Homeowners' Association, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Key West Golf Club Homeowners' Association, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risk. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Key West Golf Club Homeowners' Association, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Key West Golf Club Homeowners' Association, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Key West Golf Club Homeowners' Association, Inc. 's 2019 financial statements, and our report dated July 7, 2020 expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information contained in the schedule of changes in accumulated funds for future major repairs and replacements and schedule of operating fund revenue and expenses – budget and actual is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of the Association's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Disclaimer of Opinion on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Supplementary Information on Future Major Repairs and Replacements be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The accompanying notes are an integral part of these financial statements.

Key West Golf Club Homeowners' Association, Inc.

Notes to Financial Statements

NOTE 1: DESCRIPTION OF THE ORGANIZATION

Key West Golf Club Homeowners' Association, Inc., ("Association") a Florida not-for-profit Corporation, was formed on November 13, 1995. Membership in the Association consists of the 390 single-family residential unit owners of this Florida townhome planned unit development. The development is located on approximately 46.5 acres in Key West, Florida.

The Association was organized for the purpose of maintaining and protecting the elements owned by the unit owners in common, including buildings, roads and parking areas, pools, landscaping, fencing, and recreational areas and facilities. Disposition of common area property requires consent of the members in accordance with the governing documents and Florida Statutes.

All policy decisions, including the annual budget and owners' assessments, are formulated by the Board of Directors. Decisions are referred to the general Association membership before action is taken, when so required by the governing documents of the Association.

Management and accounting services are provided to the Association by The Community Association Company.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs). The financial statements include certain prior year summarized comparative information in total but not by fund. Also, certain prior year disclosures are not included. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Association's financial statements for the year ended December 31, 2019, from which the summarized information was derived.

Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Key West Golf Club Homeowners' Association, Inc.
Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash Equivalents

Cash and cash equivalents include cash and all highly-liquid debt instruments with an original maturity of 90 days or less.

Funds

The Association is a not-for-profit organization which employs the fund method of accounting in order to properly account for restrictions on the expenditures resulting from actions of the Board of Directors, the Association voting membership, or applicable Florida Statute. The financial statements segregate the accounting for such funds as either operating or replacement funds. At the end of the year, excess funds are retained by the fund generating such excess during the year.

The operating fund is used to account for financial resources available for the general operation of the Association. Disbursements from the operating fund are generally at the discretion of the Board of Directors.

The replacement fund is generally used to account for assessments made for major repair and replacement of common property, and related expenses. Disbursements from the replacement fund may only be utilized in accordance with Florida Statutes and the purposes established by the Board of Directors and the Association membership. Interest income earned in the replacement fund is allocated to the pooled items.

Accounts Receivable from Owners and Allowance for Doubtful Accounts

Accounts receivable from owners are reported at the outstanding balance due from owners, net of any allowance for doubtful accounts. The Association provides for doubtful accounts based on experience and analysis of individual accounts. When the collectability of a receivable becomes questionable, an allowance for doubtful accounts is established. When specific accounts are determined to be uncollectable, they are written off by charging the allowance and crediting the receivable. Since management considers all receivables to be collectible at December 31, 2020, no allowance has been established at this time.

Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items on the Balance Sheet. These items will be expensed over the applicable usage period.

Key West Golf Club Homeowners' Association, Inc.
Notes to Financial Statements

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capitalization and Depreciation

Real property acquired by the Association is capitalized when it (a) is used to generate significant cash flows from members on the basis of usage or from nonmembers or (b) can be disposed of for cash with the Association retaining the proceeds. Real property acquired by the Association that does not meet these guidelines is not capitalized, and accordingly, replacements, major repairs, and improvements to this property are not capitalized; instead, they are reported as expenses in the fund making the expenditure. Real property that does not meet the criteria to capitalize is identified in Note 1.

Personal property acquired by the Association is capitalized at cost and depreciated over its estimated useful lives, which range from five to seven years, using the straight line method of depreciation.

Contract Assets and Liabilities

Contract assets represent revenue recognized in excess of amounts billed. No such amounts are reported on the Balance Sheet as of December 31, 2020. Contract liabilities represent revenue collected in advance of the contract period or amounts billed in excess of revenue recognized. These liabilities are reported on the Balance Sheet as prepaid assessments and performance obligation liabilities.

Revenue Recognition

The Association recognizes revenue when performance obligations under the terms of the contracts with customers are satisfied. Revenue is recognized in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. For purposes of this Association, the definition of customers includes the Association's members.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, March 30, 2021 and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Key West Golf Club Homeowners' Association, Inc.

Notes to Financial Statements

NOTE 3: OWNERS' ASSESSMENTS

Revenue and expenses are allocated to each unit owner equally, and accordingly, assessment rates are established using this formula. The rate for 2020 for all unit owners was \$395 per month including cable and approximately \$325 per excluding cable assessment fees. Budgeted regular assessments for the year ended December 31, 2020 totaled \$1,502,326, of which \$145,600 was allocated to the replacement fund.

The Association also assesses all unit owners for cable services. For the year ended December 31, 2020, cable assessments totaled \$346,274 and all unit owners were charged \$70 per month for basic cable services. See Note 13 for discussion of Cable Agreement regarding cable assessments.

The following table reconciles budgeted regular assessments to the amounts recognized as assessment revenue in the statement of revenue, expenses and changes in fund balance:

<i>For the year ended December 31,</i>	2020		
	Operating Fund	Replacement Fund	Total
Budgeted regular assessments	\$ 1,356,676	\$ 145,650	\$ 1,502,326
Amounts released from performance obligation	-	22,237	22,237
Total assessments	\$ 1,356,676	\$ 167,887	\$ 1,524,563

NOTE 4: REVENUE RECOGNITION

As disclosed in Note 2 to the financial statements, the Association's customers consist of its members, which are unit owners within the development. The contracts between these customers and the Association primarily relate to maintaining, managing and providing access to the property and amenities owned in common by the unit owners.

Performance Obligations

The Association's revenue is derived primarily from assessments to its members. The Association generally recognizes its revenue from contracts with customers over time with the exception of reserve assessments, which are being recognized at a point in time, and interest income, which is not subject to ASC Topic 606. As of December 31, 2020, the Association has reported a performance obligation liability totaling \$574,169, relating to the future major repair and/or replacement of specific components of common property. The assessments related to this performance obligation are generally reported in the Replacement Fund and will be recognized as revenue at the point in time when the funds are expended for their designated purpose.

Key West Golf Club Homeowners' Association, Inc.
Notes to Financial Statements

NOTE 4: REVENUE RECOGNITION (Continued)

Significant Judgments

For those revenue items recognized over time, the Association generally utilizes the input method of measurement, where revenue is recognized based on the Association's efforts towards the satisfaction of a performance obligation. For operating fund amounts, revenue is recognized as time elapses and the Association performs routine maintenance, protection and management of the common area property. For replacement fund amounts, the Association recognizes revenue at the point in time when reserve expenses are incurred.

Disaggregated Revenue

The Association derives its revenue from various activities and sources having different qualitative factors that may affect the amount, timing, or uncertainty of revenues and cash flows. The following chart contains disaggregated revenue information that reflects these qualitative factors.

<i>For the year ended December 31,</i>	2020
<i>Recognized over time</i>	
Operating fund assessments	\$ 1,356,676
Cable assessment fees	346,274
Other revenue	12,466
<i>Recognized at a point in time</i>	
Replacement fund assessments	167,887
<i>Not subject to ASC Topic 606</i>	
Interest income	6,506
Total revenue	\$ 1,889,809

Key West Golf Club Homeowners' Association, Inc.
Notes to Financial Statements

NOTE 4: REVENUE RECOGNITION (Continued)

The following table presents information about accounts receivable, contract assets, and contract liabilities:

<i>December 31,</i>	2020
Accounts receivable, net - beginning balance	\$ 20,165
Accounts receivable - ending balance	12,684
Contract assets - no beginning or ending balance for the year	
Contract liabilities	
Prepaid assessments - beginning balance	47,426
Prepaid assessments - ending balance	88,261
Performance obligation liabilities - beginning balance	596,406
Performance obligation liabilities - ending balance	574,169

NOTE 5: FUTURE MAJOR REPAIRS AND REPLACEMENTS

The Association's governing documents and Florida Statutes require the Association to accumulate funds for future major repairs and replacements, unless otherwise decided by the voting membership. The Association has adopted a program to accumulate funds for estimated future major repairs and replacements through regular assessments.

The Board of Directors annually reviews the major components of common property. As a part of this review, the Board re-evaluates the estimated remaining useful lives and the estimated replacement costs of each of the components of the replacement fund. Where applicable, licensed contractors and architects are consulted regarding useful lives and replacement costs. The Board of Directors last performed a review of the estimated replacement costs, remaining lives, and funding requirements for the reserve components in 2020 based on a professional study performed in 2012.

The Association is funding for future major repairs and replacements over the estimated useful lives of the components based on the study's estimates of replacement costs and considering amounts previously accumulated in the replacement fund. Accordingly, the funding amount of \$145,650, based on a full funding plan, was included in the 2020 budget.

Actual expenditures may vary from the estimated amounts and the variations may be significant. Therefore, amounts accumulated in the replacement fund may not be adequate to meet future needs. If additional funds are needed, the Association has the right to increase regular assessments, to levy special assessments, or it may delay major repairs and replacements until funds are available.

Key West Golf Club Homeowners' Association, Inc.

Notes to Financial Statements

NOTE 6: INCOME TAXES

The Association elected to file its tax return for 2020 as a homeowner association on Form 1120H. As such, the Association must comply with Internal Revenue Code (IRC) Section 528, which applies specifically to homeowner associations. Under IRC Section 528, the Association is not taxed on income and expenses directly related to its exempt purpose, which is the management, maintenance and protection of Association property. However, net nonexempt function income, such as interest income and revenues from nonmembers, is taxed for federal purposes at a flat 30% rate. For the year ended December 31, 2020, the Association had net nonexempt function income of \$0, which resulted in no federal income taxes for 2020. State income taxes do not apply to associations that qualify under IRC Section 528.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Association and recognize a tax liability if the Association has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Association and has concluded that as of December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Association's policy is to record interest expense or penalties related to income tax in (operating) expense. For the year ended December 31, 2020, no interest or penalties were paid or accrued. The Association is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Association's management believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 7: CREDIT RISK

The Association assesses regular and special assessments to its members. It is the Association's policy to turn over significantly past due accounts for collection and to file liens against the individual units. Should the collection of any such liens be enforced by the sale of the unit, the collectability of the receivable is dependent on the quick sale market value of the unit, and the amount of any such other liens that have priority. Market value may be influenced by the real estate market in Key West, Florida.

NOTE 8: CERTIFICATES OF DEPOSIT

At December 31, 2020, the Association had \$424,974 of replacement fund monies in certificates of deposits at a local financial institution. The carrying value of these certificates of deposits is cost plus accrued interest, which approximates fair market value.

Key West Golf Club Homeowners' Association, Inc.
Notes to Financial Statements

NOTE 9: WINDSTORM DEDUCTIBLE

The insurance policy for windstorm coverage renewed in January 2021. The deductible amount for named hurricane storms is estimated at \$10,530 which represents 3% of the insured value of the residential building. In addition, the Association's windstorm policy is underwritten by the State of Florida's Citizens Property Insurance Corporation (Citizens). In the event Citizens incurs a deficit that exceeds the amount collected via regular premiums, an emergency assessment may be levied. The Association may be required to pay substantially more in insurance premiums relating to the year for which the emergency assessment is levied.

NOTE 10: PROPERTY AND EQUIPMENT

Property and equipment consisted of the following:

<i>December 31,</i>	2020
Machinery and equipment	\$ 63,817
Accumulated depreciation	(55,531)
Property and equipment, net	\$ 8,286

Depreciation expense for the year ended December 31, 2020 was \$4,347.

NOTE 11: SHORT-TERM BORROWINGS

The Association has secured a line of credit with a financial institution with a maximum borrowing potential of \$350,000 and a variable interest rate of prime plus .75%. The line will expire on September 8, 2023, requires monthly payments of interest, and is secured by assignment of owners' assessments. There was no outstanding balance on the line of credit at December 31, 2020.

NOTE 12: CAPITAL CONTRIBUTIONS

Per the Declaration of Condominium/Covenants, each new owner shall pay a one-time start-up fee for working capital in the amount of 2 months of the total general assessment applicable to such lot for the year in which the purchase occurs. For the year ended December 31, 2020, capital contributions totaled \$30,050 as shown on the accompanying statement of revenue, expenses and changes in fund balance.

Key West Golf Club Homeowners' Association, Inc.
Notes to Financial Statements

NOTE 13: CABLE AGREEMENT

In 2011, the Association signed a Cable Agreement allowing the Developer (“SinghCo” dba “Singh Cable”) to retain ownership of the Telecommunications Parcel and all cable infrastructure on the Association’s property. As part of this Cable Agreement, the Developer has the exclusive right to provide basic bulk cable services without limitation to all unit owners in the Association as of the effective date of the agreement and through all times in the future. As part of this agreement, the Association has also agreed not to challenge the Developer’s right to provide these services; however, the Association does maintain the right to dispute the amount of the monthly charge by Singh Cable if the monthly charge exceeds the standard charge for similar services to individual residential units on a non-bulk basis.

As a result of this agreement, the Association assesses all unit owners for their portion of cable fees billed to the Association by the Developer (“Singh Cable”).

NOTE 14: CONTINGENCY

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant negative impact on the operating activities and results of the Association. The occurrence and extent of such an impact will depend on future developments, including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel or meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.
